Las Vegas, NV 89155-1741

Phone: (702) 455-4181

Fax: (702) 385-8940

TO: Concerned Citizens

SUBJECT: Yucca Mtn. Project Information Request

DATE: September 20, 2001

Thank you for your interest in the proposed siting of a nuclear waste repository at Yucca Mountain. We have enclosed a copy of the "Yucca Mountain Facts" sheet, which we hope will be useful in providing you with information on this complex issue. For additional information you may visit our web site: www.co.clark.nv.us/comprehensive_planning/NuclearWaste.htm. You will find links to other informative sites at this location.

Please be advised that as of this date the deadline for submitting public comments to the Department of Energy is October 5, 2001. You may submit your written responses to:

Ms. Carol Hanson
U. S. Dept. of Energy
Yucca Mtn. Site Characterization Office
M/S #25
P. O. Box 30307
North Las Vegas, NV 89036-0307

If you have any questions or need additional information, please do not hesitate to contact us.

Comments:

Every state should have his own nuclear deposit. Dont let the 43 states to transport their nuclear waste to nevada. many senior citigens have moved to nevada. If something happens, senior citigens will be affected first cause they have lower resistance to health problems. J. Bernards
